His birthdate is completely unknown; this date is based on the birth of his first child, Garret, in 1726.

1**Death:** BEF 5 DEC 1743 in NJ, Hunterdon Co, Amwell Twp 2**Burial:** NJ, Hunterdon Co, Delaware Twp, Barber Cemetery**Note:**

There is an old burying place in the Township of Delaware near Mount Airy Station on the Flemington Railroad, running to Lambertville, where many older people of note were long since laid to rest. The grounds were well selected in an early day by the Barber family; and others; and from the former, bears its name; and shared the patronage of many of the largest land owners in the southern portion of that Township, and other places as well. Here are to be seen the graves of men who fell the trees, tilled the soil, and made the laws with a variety of others, except the Preacher and man of Law, whose bones may yet be found beneath some obscure clod. Just how soon this selected spot became a receptacle for these honoured dead and the first victim's name whose body was laid therein, the writer has not yet learned, but from what has already been gleaned, the first funeral procession reached here as early as 1750. For over 100 years Barbers Ground was continuously opened to this surrounding community and many families became extinct. [. . .] The family of Vandolahs may all lay here. There

was Hendricks Vandolah and his son, Garret, who had a son, Henry, the father of Garret Vandolah who died in 1884. They owned the Vandolah Homestead, where Cyrus Vandolah now lives. The School House near by for about 100 years has bore their name, for four long generations and now in the 5th. The same old Homestead has been in possession of the family for about 150 years as the records will show. [. . .] This paper was hastily written in order to bring sufficient data to light that a clew to passing, yes for passed events might be gathered before the tooth of time eats away these crumbling tablets when little or no record will stand for them. If not some one hard [] by the Historical Society does not gather some reminscences to place in their anchors?

That part of the Delaware which flows along the western border of [Hunterdon] county abounds in rifts is swift, shallow, rocky, subject to great extremes of depth, and in every way ill suited to navigation. In it are numerous small islands, some of which are tillable. In it, also, are numerous shoals. Vandolah's Rill is a rapid and important little stream that flows into the canal a little north of the rocky knob called Gilbo. It affords excellent mill-seats.

5*Event:* Biography*Note:*

Hendrick Vandolah in 1725 came to the Vandolah Homestead situated in old Amwell Township, now Delaware and adjoins lands with the Sandy Ridge Baptist Church property two miles east of Stockton and two miles west of Mount Airy Station on Flemington R.R. Here he lived and leased this land til 1738 when he purchased [250] acres of an 800 acre tract owned then by Edon Marcelison of Bound Brook in Middlesex County, N.J. for the sum of 162 Pounds, lawful money of the Province as the deed will show given May 1, 1738. Hendricks Vandolah lived & raised a family of 5 children: Garret, John, Peter, Anna Wilgus and Charity Hausman, John died young. Peter went to Fayette County PA and Garret by paying legacies owned the Homestead and raised a large family of children. One of the sons was an officer and the rest except Henry were soldiers (or privates) in the Continental Army in the Revolutionary War and from there brought the small pox to the family so that all the children died from it except Henry and Sarah. Henry died in 1815 with a family of Mary, William, John, Catherine, Garret, Elizabeth, Cyrus and Henrietta. Sarah married Wm. Wilson the father of Garret V. Wilson who died at Brookville about 1872 and was the father of Rev. Charles Wilson dec'd, of Holmdel, N.J. and Rev. Wm. V. Wilson of Port Monmouth, N.J. Garret by the payment of legacies became the owner of the Homestead in 1838 just one hundred years after his great-grandfather Hendrick bought it into the family, and by his will in 1876 bequeathed the same to his nephew Cyrus Vandolah, Jr. There is an old rifle in the possession of Cyrus Vandolah Jr. that was owned and used by Hendrick Vandolah and was by will bequeathed to the Homestead owners of this family. It was used by one of the Vandolah's in the Revolution, and consequently must be over 160 years old. [] the many graves in the Church yard at Sandy Ridge adjoining this old homestead property. Garret Vandolah dug the first grave in 1818, in which Hannah Doyle of Bucks Co, Pa. was buried. She was one of that family from which that county seat took its original name Doyles Town. The lot upon which the School House stands, known as Vandolah's School House, was leased from the Vandolah tract in 1822.

Birth: ABT 1735 in NJ, Hunterdon Co ¹Death: NOV 1815 in OH, Greene Co ²Residence: 1803 OH, Greene Co, Sugar Creek Twp ³Residence: 1772 PA, Bedford Co, Rostraver Twp ⁴

PROP: 2 JAN 1787 PA, Fayette Co, Washington Twp

Note:

Purchased 207 3/4 acres on original land patent; property described as being at the junction of the Monongahela and the north bank of a creek, situated on the waters of Little Redstone Creek in Washington Township, Fayette County, PA. Tract was named "Smithfield".

Bounded by lands of George Lewis, John Patterson, Levi Stephens, George Richards, Eli Allen, and John Seward. Record of Survey in Vol. 5, page 63. (The Horn Papers). Original survey on file in the Land Office of the Department of Community Affairs of the Commonwealth of Pennsylvania, Harrisburg, PA. Recorded in A Book, Volume 47, Page 9. Patent is described as the same as the 'Vandolah/Thompson' deed, recorded 16 Jun 1796, in Book P, Volume 29, page 110.

56

PROP: 23 JUN 1802 PA, Fayette Co, Freeport

Note:

Purchased Lot #11, described as being Sixty feet front & one hundred & twenty back, part of an original tract called "Wisky Mount" assigned to Edward Cook by the Commonwealth of

Pennsylvania via Patent on 14 Sep 1796. Wisky Mount is further described as "situate on the east side of Monongahela river in the Township of Washington aforesaid bounded by land of Andrew Linn and others. (Compiler's note: Freeport was located a few miles northwest of the earlier tract of land called Smithfield). Deed is signed by Edward Cook and his wife, Martha; and (by their marks), Peter Vandolah and his wife, Hester. Witnessed by James Cook and Isabella Cook. Vandolah purchase recorded in Book H, page 242. Original Patent recorded in Book 22, page 336, of Fayette County, PA.

7

PROP: ABT 1800 OH, Ross Co

Note:

Later a family by the name of Vandolah entered 400 acres of the same tract as Major John Stevenson. The father soon after making his entry became uneasy as to his claim being good. He discovered certain marks that someone had been there before, and meeting Major James Galloway one day he told him of his suspicions and asked Mr. Galloway's advice as to what to do under the circumstances. Mr. Galloway told him that he had recently discovered a law that anyone making an entry where someone had previously entered that the latter party could have his claim transferred to some other place. Mr. Vandolah thereupon authorized Mr. Galloway to do so with his entry. In the meantime, it appears the elder Vandolah, knowing the uncertainty of life, made a will, willing to his two sons, Peter and Jesse, the aforesaid 400 acres. In course of time Major Galloway made the requested entry of the Vandolah claim, three and a half miles northeast, and they immediately removed to their land. Some years after, the father died and it appears had failed in life to take his boys into his confidence as to his business relations. They remembered the claim where they first had lived; and the father had failed to destroy the will which he had made, and from these facts grew the trouble and the number of suits of ejectment that followed. (Compiler's note: the following excerpt, taken from a deposition of James Galloway, Jr. 10 June 1818, at Old Chillicothe or Oldtown, at the house of Abner Reid. may or may not refer to the same 400 acres discussed above). Some time in the winter of 1806, in a conversation with Joseph Vandolah respecting a survey of 400 acres of land which himself and brothers, James and Peter, claimed near the Old Chillicothe town on the little Miami River, said deponent informed said Joseph of that date and manner in which their said entry was made, and of the surveys which it interfered with, and he thinks, but is not certain, showed him copies of the said entries and surveys. The said Vandolah appeared convinced that their claim to the 400 acres aforesaid was such that they must lose the land, and talked of petitioning congress for leave to withdraw their entry and have it located elsewhere, requesting his aid in endeavoring to get their land secured to them and to make inquiry and do something for them, promising him a compensation if he could do anything to secure them their land, with their warrants that would be clear of dispute. On or about the 20th day of March, 1807, said deponent became acquainted with the law of the United States which authorized persons losing lands by interference with prior claims, although such claim might be patented, to withdraw the part of the claim so lost and enter the same elsewhere. Said deponent, upon asserting the proper method to proceed, did, on or about the 20th of May, 1807, withdraw the said Vandolah entry of 400 acres aforesaid, and entered the same elsewhere. Some time afterward this deponent, meeting with James Vandolah, informed him of what he had done with his said claim, who expressed himself satisfied therewith, and desired said deponent to give him notice when he would be going into the neighborhood of where his land had been entered, by said deponent, and he would accompany him and see it and have it surveyed. Said deponent did accordingly send word to

said Vandolah a short time before he set out on a tour to the woods but he did not attend. Some time after, said deponent, returning from the woods, again met with said James Vandolah, who expressed some concern at his being disappointed. In going to see the land and upon inquiry finding that his land had not been surveyed, he wished again to have notice when it would be convenient for said deponent to survey it and he would accompany him. Notice was given him the second time by said deponent that at such a time he might attend and accompany said deponent on another tour, when the land might be surveyed, but said Vandolah did not attend.

PROP: ABT 1800 OH, Greene Co, Oldtown

Note:

Later a family by the name of Vandolah entered 400 acres of the same tract as Major John Stevenson. The father soon after making his entry became uneasy as to his claim being good. He discovered certain marks that someone had been there before, and meeting Major James Galloway one day he told him of his suspicions and asked Mr. Galloway's advice as to what to do under the circumstances. Mr. Galloway told him that he had recently discovered a law that anyone making an entry where someone had previously entered that the latter party could have his claim transferred to some other place. Mr. Vandolah thereupon authorized Mr. Galloway to do so with his entry. In the meantime, it appears the elder Vandolah, knowing the uncertainty of life, made a will, willing to his two sons, Peter and Jesse, the aforesaid 400 acres. In course of time Major Galloway made the requested entry of the Vandolah claim, three and a half miles northeast, and they immediately removed to their land. Some years after, the father died and it appears had failed in life to take his boys into his confidence as to his business relations. They remembered the claim where they first had lived; and the father had failed to destroy the will which he had made, and from these facts grew the trouble and the number of suits of ejectment that followed. (Compiler's note: the following excerpt, taken from a deposition of James Galloway, Jr. 10 June 1818, at Old Chillicothe or Oldtown, at the house of Abner Reid. may or may not refer to the same 400 acres discussed above). Some time in the winter of 1806, in a conversation with Joseph Vandolah respecting a survey of

400 acres of land which himself and brothers, James and Peter, claimed near the Old Chillicothe town on the little Miami River, said deponent informed said Joseph of that date and manner in which their said entry was made, and of the surveys which it interfered with, and he thinks, but is not certain, showed him copies of the said entries and surveys. The said Vandolah appeared convinced that their claim to the 400 acres aforesaid was such that they must lose the land, and talked of petitioning congress for leave to withdraw their entry and have it located elsewhere, requesting his aid in endeavoring to get their land secured to them and to make inquiry and do something for them, promising him a compensation if he could do anything to secure them their land, with their warrants that would be clear of dispute. On or about the 20th day of March, 1807, said deponent became acquainted with the law of the United States which authorized persons losing lands by interference with prior claims, although such claim might be patented, to withdraw the part of the claim so lost and enter the same elsewhere. Said deponent, upon asserting the proper method to proceed, did, on or about the 20th of May, 1807, withdraw the said Vandolah entry of 400 acres aforesaid, and entered the same elsewhere. Some time afterward this deponent, meeting with James Vandolah, informed him of what he had done with his said claim, who expressed himself satisfied therewith, and desired said deponent to give him notice when he would be going into the neighborhood of where his land had been entered, by said deponent, and he would accompany him and see it and have it surveyed. Said deponent did accordingly send word to said Vandolah a short time before he set out on a tour to the woods but he did not attend. Some time after, said deponent, returning from the woods, again met with said James Vandolah, who expressed some concern at his being disappointed. In going to see the land and upon inquiry finding that his land had not been surveyed, he wished again to have notice when it would be convenient for said deponent to survey it and he would accompany him. Notice was given him the second time by said deponent that at such a time he might attend and accompany said deponent on another tour, when the land might be surveyed, but said Vandolah did not attend.

Religion: 19 MAR 1791 PA, Washington Co, Fallowfield Twp

Note:

Fallowfield was the sixth of the original townships of Washington, formed soon after the erection of the county in 1781. The next year a part of its territory was taken off in the formation by the Court of Quarters Sessions of the township of Somerset. On the 29th of August, 1788, certain inhabitants of Fallowfield and Bethlehem townships petitioned the court, setting forth that the application to magistrates in cases whereof they have cognizance, from the too great extent of our townships, is rendered exceeding inconvenient as well as expensive to many of us; among other disadvantages, we beg leave to mention that the cost arising on actions brought for the recovery of small sums frequently exceed the debt to the great oppression of a number of good citizens. Wherefore the petitioners prayed the court that

be order from your honorable court a line be drawn as follows, viz: Beginning at the mouth of Ten-Mile Creek, and running up the said creek to William Montgomery's mill; thence with a straight line to Zephaniah Beall's, so as to exclude both, the said Montgomery's and Beall; from thence to Henry Coonrod's, including him, and then down that branch of Pike Run an which the said Coonrod lives, unto it's confluence with the Monongahela River; then up the said river to the place of beginning, so as to include a township separate from the Bethlehem and Fallowfield. And the petitioners added that if the court should think it more desirable to draw the line otherwise, you'll be pleased to make such amendments as in your wisdom shall be judged expedient. This petition was signed by Joseph Dorsey, Barnabas McNamee, Thomas Bishop, William Sloan, David Ruble, William Buckingham, Barzilla Clarke, James Powell, George Myers, Joseph Brinton, and thirty seven others, but it was not granted by the court, and in the following year there was presented another petition, praying that That part of Fallowfield township, viz: Beginning at Peter Drake's where the line dividing Bethlehem from East Bethlehem intersects the road leading from Redstone Old Fort to Washington; and thence with Somerset township to Henry Coonrod's to include him; and then down that branch of Pike run on which the said Coonrod lives to the Monongahela; thence up the river to the line of East Bethlehem, be added to East Bethlehem township, and that it be recommended by your honorable bench to the Executive Council to have the said township erected into an election district. This petition made on the 25th of September, 1789 (a petition for a division of Bethlehem into East and West Bethlehem townships having been presented in the mean time), was laid over and held under advisement by the court until April 23, 1792 when a order was issued erecting the township of Pike Run, to include territory as indicated previously belonging to Fallowfield. Again, on the 30th of September, 1834, a part of Fallowfield was set off in the formation of the township of Carroll; and on the 14th of June, 1853, by the erection of Allen township from a part of the remaining territory of Fallowfield, the latter township was reduced to its present area and limits, and giving it the following boundaries: North, Nottingham and Carroll townships; east, Allen township and the Monongahela River, which forms a part of its eastern boundary, and the Pigeon Creek, which passes through the northwestern part of the township, taking a northeasterly course, and flowing thence through Carroll township enters the river at Monongahela City.

Churches.- The religious society in this township now known as the Maple Baptist Church was originated under the title of Baptist Church Enan, and was in existence as early as March 19, 1791. At that time its members were John Bailey, William Jackman, Sr., Stephen Barclay, Henry Speer, Samuel Vail, Charles Whitlatch, William Jackman, Jr., Abraham Evans, James Deems, James Watson, Jesse Vandolah, John Mason, Nathan Ellis, Aaron Boylan, John Seward, John Ennis, William Allen, John Vandolah, Thomas Crow, John Earles, Nathaniel Carns, Thomas Carson, George Innis, John Stelle, William McFee, Thomas Cloud, B. George, Mary Barclay, Rebecca Speers, Margaret Ellis, Rachel Mifford, Mary Jackman, Nancy Neal, Sarah Boylan, Nancy Bailey, Margaret Innis, Catherine Seward, Abigail Hayden, Sarah Vandolah, Elizabeth Bonham, Margaret Earles, Winifred Ryan, Lavina Stelle, Eleanor Ellis, Esther Vandolah, Anna Vandolah, Mary Carson, Mary Ward, Mary Burgess, Lucy Burgess, Elsie Stanish, Jemima Evans, Mary Patton, Rachel Springer, Peggy Cloud, Elizabeth Yateman, Keziah Berk, Abigail Ogg, Polly Carns, Elizabeth Borgan and Elizabeth Borgan (2d), Keziah Barkhammer, Rebecca Prichard, Sarah Parsons, Mary Ertlin, Nancy Riggs, Rachel Springer, Catherine Rutan, and Mary Karnes. The first business meeting of this church was held on March 19, 1791, when Church Enan met agreeable to appointment, and after prayer proceeded to business as follows: First, chose Elder Smith as moderator; second, chose Brethren John Bailey and William Jackman, Sr., to supply the places of deacons for the ensuing day. At another meeting, held Feb. 4, 1792, Rev. Samuel Vail as chosen moderator;

and on Aug. 6, 1796, Messrs. Speers, Rutan, Whitlatch, Jackman, Yateman, and Carson, members of the society, were appointed messengers to attend a Baptist Association soon to be held. On Sept. 3, 1796, the records show that Joseph Hill was accepted as a member of the church. Nov. 1, 1800, this church gave Brothers Speers and Rutan the privilege of choosing six other brethren to settle their church business at the residence of Brother Jackman on the second Wednesday in December, 1800. The six men chosen were Rev. John Corbly, Matthias Luce, William Davis, Joseph Hill, J. Jones, and A. Kearns.

The services of the Baptist Church Enan were originally held in a log house, which was succeeded by a brick building, located near its mouth, and at the Monongahela River, opposite the village of Belle Vernon, in Fayette County. It was built during the pastorate of Rev. Henry Speers, and upon a tract of land containing one hundred and forty-eight perches, donated by him in 1842. After the society obtained the present site for their church, the brick building was sold to the grandchildren of Rev. Henry Speers, and it is one occupied by several families. The old graveyard belonging to the church is still used. The society now worship in a frame edifice erecting near the house of John S. Carson, and upon land owned by him. [¹ Fallowfield was a separate and independent district until the organization of Pike Run, when that township was attached to it, and so remained until 1838, when Pike Run became an independent district. The next year it was divided into East and West Pike Run townships.]

Religion: 1801 OH, Hamilton Co, Columbia

Note:

The first church in Cincinnati was a Presbyterian church, but the first in the Symmes purchase was of the Baptist denomination. This was in Columbia. The Rev. David Jones, a noted Baptist preacher of that day, visited Columbia in December, 1789, and preached the first sermon to the pioneers of this vicinity, in one of the blockhouses. The Rev. David Rice, a Presbyterian minister from Kentucky, also made a visit to the village. Elder John Mason, a Baptist from Virginia, was one of the earliest religious teachers who appeared in Columbia. Elder Stephen Gano, in 1790, organized a Baptist church in the settlement. The services were held in the home of Benjamin Davis. Beginning with nine members, the church increased in a few weeks to fifteen. Elder Gano was invited to take charge of the church, but he declined and returned to his home in the east, and Elder John Smith was then selected as a spiritual leader, entering upon his work in the spring of 1791. A building site for the proposed church was given by Major Stites, and a frame house for purposes of worship was ready for occupancy in the spring of 1793. According to arrangement, in April 1790, the Columbia church permitted Elder Smith to spend half his time in preaching in Cincinnati. The church was taken down in 1885.

MARY Polly HAND Vandolah
Whicker
Fought

From the Bellbrook Moon of Bellbrook, Ohio.....Collection of 1893

The widow Vandolah after living some time, came to the conclusion that it might be better to have a man to help manage her affairs, so she married William Whicker and bore him two children, William and Stephen. Finally she concluded that a man was not always what they were "cracked up to be". They differed and separated and in due time, were divorced, which occurred about the year 1835.

.....

Barbara Fahey gives birth dates of 1786-1788, for Mary, in Westfield, Essex County, New Jersey

Son, Joseph Vandolah gives New Jersey as the birthplace of his mother in the 1880 census.

She proclaims herself born in New Jersey on the 1850 census when she was Mary Fought.

.....

From Father's will of 1819:

my land or real estate being the place whereon I now live to be equally divided between them, the said James, Benjamin, Samuel and John and to hold to them the said James, Benjamin, Samuel and John, their heirs and assigns forever all the land aforesaid under the following reserve. If my personal property should not be sufficient to pay to each of my three daughters, Sarah, Phebe, and Serepta \$50 each, then and in that case my will is that the said James, Benjamin, Samuel and John shall equally pay one hundred and fifty dollars which I will and bequeath to be equally divided between my three daughters viz: To my daughter Sarah, \$50, to my daughter Phebe, \$50, to my daughter Serepta \$50. I will and bequeath to my daughter Betsy, \$2, I will and bequeath to my daughter MARY, \$2. I will and bequeath to my daughter, Martha, \$2, which is to be paid after the death of my beloved

.....

Margaret Hawk's notes about Mary:

Birth date is estimated, per 1830 census. She was in her father's will, given a small bequest, which may indicate that she had received a previous settlement, perhaps when married. The names of her first five children and the two from her second marriage were found in the article in the Bellbrook Moon which described the circumstances of her marriage to Joseph Vandolah. She was known as "Polly"; probably was born in New Jersey. Her divorce petition from her second husband was filed on December 28, 1829 in Greene County, Ohio (abstracted in "Ohio Divorces: The Early Years", by Carol W. Bell (1994) and alleged extreme cruelty, that he had beat her and threatened her life. She was granted custody of her two children, and her dower lands from her first marriage were restored to her. In December 1835 her children sold the land they inherited from their father and "included all their right in their mother's right of dower" (Greene Co. Deed Book 17, page 36). No burial record for Polly is found, but she was probably deceased before 1850.

.....

An interesting marriage is noted from the DeKalb County Marriages in the year 1841.
August 26, 1841.....Samuel Fought to Mary Whicker

Possible BINGO!! Found in the 1850 Census of Perry Township,
Samuel Fought.....55 M.....born 1795.....Farmer.....born PA
Mary62 F.....born 1788.....born New
Jersey..Bingo!

They are nestled in with the Hands and James Vandolah and Lucy Gump and John Tucker. The 1850 census is listed by areas and not alphabetically.

.....

1840 Census of DeKalb County, In No township is given. Found on what may be page 501. It is near the end of the list. Note spelling, but the spelling is notoriously bad on these entries. So far I have found only this one Whicker family in the DeKalb and Allen Co., census entries.

MARY WHICHER

2 Males 15 to 20.....born 1820-1825.....about the right age for William and Stephen

1 female 40-50.....born 1790-1800.....pretty close for Mary Polly Hand

.....

Also in DeKalb County we find the marriage of William Whicker, probably the son, to Clarissa Adeline Thorp, giving credence that this may be indeed, the mother of William, and the Mary Polly Hand who married Thomas Vandolah. At this time I am not sure how I assumed this was the proper Wm. Whicker, but the age was about right. Need to get Margaret Hawk's booklet on these families to see if there is anything more. It is at the Ft. Wayne Library.

.....

From Barb Crompton, a Whicker descendant:

Sir William Whicker (8-27-1760 to 11-2-1851)

Gives several places of birth:

England

North Carolina

Hanover Co., Virginia

A story written in school by Margaret Gertrude Jeremiah Sharp says that Sir William Whicker "Came to America working as an aide to an officer in the English troops around 1782. He was a nobleman in England. Seeing the struggles and purpose of the American armies, he decided to quit the English Army and join the revolution" Most of her story was verified in an obituary for William H. Whicker, in accordance to the Digest of Obituaries, Columbia City, Whitley County, Indiana, 1856-1910 by Raber. It is documented that indeed he did work for George Washington's army until the end of the Revolutionary War.

Possible reason for variable places of birth given by Barb, is that he may have felt it necessary after the war to lie about his place of birth and may have felt compelled, for safety's sake, to say he was born in America in one of the two above places.

AfterAfter the Revolution he settled down to a farming life on land, in Poughkeepsie, Dutchess County, New York, that was granted to him by the Continental Congress. The land in Poughkeepsie was payment for his service in the war and his loss of land in England.

He was married twice. His first wife died and his first group of children married and went off to live on their own.

From ACPL in Ft. Wayne, city records of Greene Co., Spring Valley, Sugar

Creek Twp., Ohio Rootsweb World Connect Project. William then married Mary Polly Hand Vandolah (1785 died after Dec. 1835) who was born to William Hand (abt. 1760 to Dec. 16, 1819) and Phebe Jennings Hand (1761 to Jan. 14, 1845) in Hunterdon Co., New Jersey. She had been married to Joseph Vandolah (about 1763-1814) who was also born in Hunterdon Co., New Jersey, and they had 5 surviving children from that marriage:

- Joseph Vandolah, June 14, 1805
- James Vandolah, January 22, 1807
- William Vandolah, 1809-1821
- Sarah Ann Vandolah, October 1, 1811
- Benjamin Henry Vandolah, 1812

Polly was widowed and she felt she needed a man to see to her affairs and that is when she met Sir William Whicker. They were married on April 5, 1819 in Spring Valley, Greene Co., Sugar Creek Twp., Ohio.

So William did start another family in his 60's. William and Mary had two children. Our own William H. Whicker, Jr. and his brother Stephen (about 1823). The little family moved to Cedar Creek Township, Allen County, Indiana, near Huntertown in 1832. Mary divorced William shortly thereafter, claiming spousal abuse. It was decreed, according to Rootsweb that Mary received custody of the children and the return of all her dower rights from her first marriage. She then went back to Greene County, Ohio, to live with a daughter of her first marriage. She died there according to Rootsweb. Barb does not know where she is buried. (From the above census of Allen County in 1850 she would have still been living there at that time with her husband, Samuel Fought.)

.....

Most of the facts that Barb has on William point toward the fact that he died and was buried in Delaware County, Indiana, in the Strong Cemetery. "What makes that information funny is that that person was said to be 63 years old, but he was that old when he married the second time. It looks like William was at least 91 years old. This fact will have to be verified. The 2 children of William and Mary were William and Stephen Whicker.

IMPORTANT FIND FROM CHRIS HANKINS:

After a very long absence from genealogy and VanDolah research in particular, due to health problems, I am "back in business" and hope this finds you well and still solving your genealogical mysteries. I am happy to report a major find that should be of interest to you all.

I have located the burial place and tombstone for the elusive Mary Hand, who married 1st Joseph VanDolah (abt 1803), 2nd William Whicker (1819) ,

and 3rd Samuel Fought (1841). As some of you will remember, Mary was last seen on the 1850 census with husband Samuel Fought, in Perry Township, Allen County Indiana. Apparently, sometime after 1850 she moved to Muscatine County Iowa, where her youngest VanDolah son (Benjamin Henry) lived. Mary died on December 8, 1856 in Muscatine County, probably in Sweetland Township, and is buried in the Krell/Saltmarsh Cemetery there. The tombstone lists her as the wife of Samuel Fought, age as 68 yrs 4 mos. A strict calculation would render a birth date of 8 Aug 1788. In an adjacent plot is Mary VanDolah, age 12, who died 10 May 1856. She was the eldest daughter of Benjamin Henry VanDolah, and the granddaughter of Mary Hand VanDolah Whicker Fought. (Benjamin later located across the Mississippi River south, near Illinois City, Illinois and is buried there).

I hope you will be as excited with this information as I am. I'll look forward to hearing from you soon!

Best Regards,
Chris Hankins

From the Cemetery information on line in Muscatine Co, Iowa.....through Cyndi's List

Mary Foucht.....died Dec. 8, 1856.....Age 68 years, 4 months, wife of Samuel Foucht (WPA spelled it Fought) A foot marker with no visable markings leans against the gravemarker.

Leaning against Mary Foucht's marker we find a broken marker:

Daughter of B.H. and M.A. Vandolah, age 12 years, 11 months, 24 days
Mary Vandolah, died May 10, 1856

Need a photograph of these markers. Perhaps a relative from Muscatine could get that for us. I do not know when the reading was taken for this cemetery but perhaps someone in the family has that photo we need without going to the cemetery.

United States, in the Virginia Line on Continental Establishment, and in pursuance of an Act
of Congress of the United States, passed on the 10th day of August in the year 1790, entitled
"An Act to enable the Officers and Soldiers of the Virginia Line on Continental
Establishment to obtain titles to certain lands lying north-west of the River Ohio, between the
little Miami and Scioto"; and another Act of the said Congress, passed on the 9th day of June
in the year 1794, amendatory of the said Act, there is granted by the said United States unto

James Vandolah, Joseph Vandolah, and Peter Vandolah a certain tract of land, containing four hundred acres, situate between the little Miami and Scioto Rivers, north-west of the River Ohio, as by survey, bearing date the twenty ninth day of June in the year one thousand seven hundred and ninety six and bounded and described as follows, to wit, surveyed for James Vandolah, Joseph Vandolah and Peter Vandolah four hundred acres of land on three military warrants to wit, on number two thousand and ninety four for two hundred acres, in favor of the said Patrick Thompson, who assigned the same to John Higgins who assigned the same to the said James Vandolah; on number two thousand eight hundred and ninety, for one hundred acres, in favor of William White who assigned the same to Nathan Ellis who assigned the same to the said Joseph Vandolah; and on number three thousand seven hundred and eleven for one hundred acres in favor of William White who assigned the same to Nathan Ellis who assigned the same to the said Peter Vandolah, on the waters of the Little Miami. Beginning at a hickory, sassafras and dogwood about three miles northeast of Chillicothe, running south two hundred and fifty three poles crossing a branch at eighteen poles to two black oaks and a hickory, thence north two hundred and fifty three poles crossing a branch at two hundred and four poles to three hickories thence East two hundred and fifty three poles crossing a branch at twenty at fifty two and at seventy four poles to the beginning. With the appurtenances, to have and to hold the said tract of land, with the appurtenances in the manner following, that is to say, as to two undivided fourth parts thereof to the said James Vandolah and his heirs and assigns forever; as to one other undivided fourth part thereof to the said Joseph Vandolah and his heirs and assigns forever; and as to the other undivided fourth part thereof to the said Peter Vandolah and his heirs and assigns forever, as tenants in common and not as joint tenants. In Witness whereof, the said John Adams, President of the United States of America, hath caused the Seal of the United States to be hereunto affixed, and signed the same with his hand at Philadelphia, the second day of January in the year of our Lord one thousand seven hundred and ninety nine and of the Independence of the United States of America the twenty third. John Adams. By the President, Timothy Pickering, Secretary of State.

PROP: ABT 1800 OH, Greene Co, Oldtown

Note:

Later a family by the name of Vandolah entered 400 acres of the same tract as Major John Stevenson. The father soon after making his entry became uneasy as to his claim being good. He discovered certain marks that someone had been there before, and meeting Major James Galloway one day he told him of his suspicions and asked Mr. Galloway's advice as to what to do under the circumstances. Mr. Galloway told him that he had recently discovered a law that anyone making an entry where someone had previously entered that the latter party could have his claim transferred to some other place. Mr. Vandolah thereupon authorized Mr. Galloway to do so with his entry. In the meantime, it appears the elder Vandolah, knowing the uncertainty of life, made a will, willing to his two sons, Peter and Jesse, the aforesaid 400 acres. In course of time Major Galloway made the requested entry of the Vandolah claim, three and a half miles northeast, and they immediately removed to their land. Some years after, the father died and it appears had failed in life to take his boys into his confidence as to his business relations. They remembered the claim where they first had lived; and the father had failed to destroy the will which he had made, and from these facts grew the trouble and the number of suits of ejectment that followed. (Compiler's note: the following excerpt, taken from a deposition of James Galloway, Jr. 10 June 1818, at Old Chillicothe or Oldtown, at the

house of Abner Reid. may or may not refer to the same 400 acres discussed above). Some time in the winter of 1806, in a conversation with Joseph Vandolah respecting a survey of 400 acres of land which himself and brothers, James and Peter, claimed near the Old Chillicothe town on the little Miami River, said deponent informed said Joseph of that date and manner in which their said entry was made, and of the surveys which it interfered with, and he thinks, but is not certain, showed him copies of the said entries and surveys. The said Vandolah appeared convinced that their claim to the 400 acres aforesaid was such that they must lose the land, and talked of petitioning congress for leave to withdraw their entry and have it located elsewhere, requesting his aid in endeavoring to get their land secured to them and to make inquiry and do something for them, promising him a compensation if he could do anything to secure them their land, with their warrants that would be clear of dispute. On or about the 20th day of March, 1807, said deponent became acquainted with the law of the United States which authorized persons losing lands by interference with prior claims, although such claim might be patented, to withdraw the part of the claim so lost and enter the same elsewhere. Said deponent, upon asserting the proper method to proceed, did, on or about the 20th of May, 1807, withdraw the said Vandolah entry of 400 acres aforesaid, and entered the same elsewhere. Some time afterward this deponent, meeting with James Vandolah, informed him of what he had done with his said claim, who expressed himself satisfied therewith, and desired said deponent to give him notice when he would be going into the neighborhood of where his land had been entered, by said deponent, and he would accompany him and see it and have it surveyed. Said deponent did accordingly send word to said Vandolah a short time before he set out on a tour to the woods but he did not attend. Some time after, said deponent, returning from the woods, again met with said James Vandolah, who expressed some concern at his being disappointed. In going to see the land and upon inquiry finding that his land had not been surveyed, he wished again to have notice when it would be convenient for said deponent to survey it and he would accompany him. Notice was given him the second time by said deponent that at such a time he might attend and accompany said deponent on another tour, when the land might be surveyed, but said Vandolah did not attend.

Note:

At the November term of the Court of Common Pleas . . . the first civil case was tried by a jury; it was the case of Wallingsford vs. Vandolah, for slander. Wallingsford was a member of the Baptist Church, and Vandolah had said, "Wallingsford is a liar, and I can prove it." A verdict of 25 cents was rendered for the plaintiff. Excerpts below:

On the 17th day of March in the year of 1804, the Honorable Francis Dunlevy, Esquire, presiding judge of the Court of Common Pleas commanded that the sheriff take Joseph Vandolah if he be found and keep him safely. He is asking for damages of \$300.00. The case

continues in June of 1804. Ben is represented by Arthur St. Clair. He states in a lengthy diatribe that he has been a chaste and honorable man and never known to be addicted to lying, prevaricating, and falsifying his word and hath been accounted esteemed and reputed amongst good, honest and prudent citizens as well as. On the fifth day of February in 1804 certain false, feigned and scandalous words were said in the hearing of others. Joseph uttered the following words he, meaning the said Benjamin is a liar and I can prove it. Ben states further that his good reputation has been lost. He has been greatly hurt in his good name and reputation and has lost comfort, benefit, and advantages of being a member of the said society of Baptists and the satisfaction of their communion in the worship of his maker.

Event: Biography

Note:

(from a series 'History of Bellbrook, and Short Biographical Sketches of the people who have lived here, beginning in the year 1820. the name of every family throughout this part of the country who have ever lived around here will be brought into connection with this history. to be continued during the year 1893). A short sketch of Joseph Vandolah and how he got his wife about eighty years ago. Mr. Hand owned the farms where Newton Berryhill and John Underwood now live. He lived in a double log cabin that stood opposite the brick house where Matthew Berryhill now lives. Mr. Hand had a daughter called Polly for short, who was a young woman. One evening a young man by the name of Joseph Vandolah called at Mr. Hand's and asked if he could get to stay overnight. Mr. Hand with pioneer hospitality told him he could. The young gentleman was dressed in a buckskin hunting shirt, homespun pantaloons, coonskin cap and barefooted. He carried in his hand a stocking leg in which were two hundred silver dollars. He was on his way to the land office situated at Cincinnati, to enter the quarter section of land opposite where Mr. Hand lived and now owned by Matthew Berryhill. It is not known to this day which Miss Polly fancied most, Joseph's garb which covered true manly principles, his person, or the stocking leg. Probably a combination of the whole. It soon became evident that she fancied the combination. It so happened, as such things do sometimes, that Joseph became enamored of Polly, which might be called a case of love at first sight, for before they slept that night they had exchanged vows of love and fidelity, and before separating they fixed the date when Joseph was to return and seal their vows for life. When the time came for Joseph to return and claim his fiancée, he thought, as it was to be the second most eventful day of a man's life, he must fix himself up in a more respectable garb, so he put on his Sunday-go-to-meeting clothes and punctually appeared at the home of Polly. His clothes changed his appearance so that Polly did not know him, but Joseph introduced himself as the man who carried the stocking leg, and they were married all the same. Joseph took his honeymoon at home erecting his log cabin in the woods upon the land which the two hundred dollars bought. They seemed to be well mated and lived a quiet peaceable life. He was not college bred, but was sober and industrious and endowed with honest, manly principles. He was a great bee hunter and would dig ginseng in the summer and

dry it and carry it to Lebanon on his back and sell it and walk home, a distance of 28 miles the round trip. One prolific year he dug more ginseng than he could carry and called on Mr. Hawkins and asked him to lend him a horse. It was in November and quite cool weather. Mr. Hawkins granted his request and told him he must wear a pair of his shoes. To accommodate Mr. Hawkins he put the shoes on and wore them. when he came home he took the horse and shoes home and thanked Mr. Hawkins for the use of the horse, and said to him, "You will not fool me again by getting me to wear them shoes." He said it rained on him and the water ran down his legs into his shoes and kept his feet cold all day, when, he said, if he had been barefooted, his feet would have dried off and kept warm. They had five children, James, Joseph, William, Sarah and Benjamin. William died when about twelve years old. Mr. Vandolah was soon called to his final reward. James learned the millwright trade, which he followd throughout life. He and Samuel Lamb built and owned the Washington Mills that burned down a few years ago. He built the Evans Mill below Spring Valley and owned it in partnership with Mr. Evans. John Duck of this place learned the millwright trade under him. He married Rebecca Tucker, who was a daughter of Reason Tucker. They were married at the bride's home at Washington Mills, Squire John James officiating, which event occurred in about the year 1832. The widow Vandolah, after living some time, came to the conclusion that it might be better to have a man to help manage her affairs, so she married Wm. Whicker and bore him two children, William and Stephen. Finally she concluded that a man was not always what they were cracked up to be. They differed and separated, and in due time were divorced, which occured about the year 1835. The Vandolah heirs sold their farm to Matthew Berryhill and moved to Clifton and lived a year or two, where Sarah was married and James and his father-in-law built a mill, after which they all moved to Indiana beyond Ft. Wayne where James and Mr. Tucker built a mill, and James bo't seventeen hundred acres of land. At last accounts James and Joseph were both dead.

FIRST GENERATION

1. **Joseph VanDolah** was born about 1763 in NJ, Hunterdon Co.¹ He paid taxes between 1785 and 1789 in PA, Fayette Co.² He was listed as having signed a petition about 1790 in PA, Fayette Co.³ See notes under Peter Vandolah, Sr. He paid taxes in 1792 in KY, Bourbon Co.⁴ He paid taxes in 1798 in OH, Hamilton Co, Dayton Twp.⁵ (Was assessed \$1.00, at the rate for a single man). Greene County was formed in 1803 from a portion of Hamilton County. He owned or held title on January 2, 1799 in OH, Greene Co.⁶ Listed as Virginia Military District lands. He paid taxes in 1800 in OH, Greene Co.⁷ Listed in the Northwest Territory, between the Great & Little Miami Rivers. (Washington County) He was residing in 1803 in OH, Greene Co, Sugar Creek Twp.⁸ He was was tried in the Court of Common Pleas in November 1803 in OH, Greene Co.⁹ At the November term of the Court of Common Pleas . . . the first civil case was tried by a jury; it was the case of Wallingsford vs. Vandolah, for slander. Wallingsford was a member of the Baptist Church, and Vandolah had said, "Wallingsford is a liar, and I can prove it." A verdict of 25 cents was rendered for the plaintiff. Excerpts below:

On the 17th day of March in the year of 1804, the Honorable Francis Dunlevy, Esquire, presiding judge of the Court of Common Pleas commanded that the sheriff take Joseph Vandolah if he be found and keep him safely. He is asking for damages of \$300.00. The case continues in June of 1804. Ben is represented by Arthur St. Clair. He states in a lengthy diatribe that he has been a chaste and honorable man and never known to be addicted to lying, prevaricating, and falsifying his word and hath been accounted esteemed and reputed amongst good, honest and prudent citizens as well as. On the fifth day of February in 1804 certain false, feigned and scandalous words were said in the hearing of others. Joseph uttered the following words he, meaning the said Benjamin is a liar and I can prove it. Ben states further that his good reputation has been lost. He has been greatly hurt in his good name and reputation and has lost comfort, benefit, and advantages of being a member of the said society of Baptists and the satisfaction of their communion in the worship of his maker. He paid taxes between 1806 and 1810 in OH, Greene Co, Sugar Creek Twp.¹⁰ He owned or held title for the property described below in 1809 in OH, Greene Co.¹¹ In describing a Virginia Military Land Grant in Ohio to Southy Bailey, ...land bordering surveys of James, Joseph and Peter Vandolah, on the waters of Darby Creek. Signed by President James Madison, 8 Apr 1809. He died in 1814 in OH, Greene Co.¹² He was mentioned in the Bellbrook Moon newspaper in February 1893 in OH, Greene Co, Bellbrook.¹³ (from a series 'History of Bellbrook, and Short Biographical Sketches of the people who have lived here, beginning in the year 1820. the name of every family throughout this part of the country who have ever lived around here will be brought into connection with this history. to be continued during the year 1893). A short sketch of Joseph Vandolah and how he got his wife about eighty years ago. Mr. Hand owned the farms where Newton Berryhill and John Underwood now live. He lived in a double log cabin that stood opposite the brick house where Matthew Berryhill now lives. Mr. Hand had a daughter called Polly for short, who was a young woman. One evening a young man by the name of Joseph Vandolah called at Mr. Hand's and asked if he could get to stay overnight. Mr. Hand with pioneer hospitality told him he could. The young gentleman was dressed in a buckskin hunting shirt, homespun pantaloons, coonskin cap and barefooted. He carried in his hand a stocking leg in which were two hundred silver dollars. He was on his way to the land office situated at Cincinnati, to enter the quarter section of land opposite where Mr. Hand lived and now owned by Matthew Berryhill. It is not know to this day which Miss Polly fancied most, Joseph's garb which covered true manly principles, his person, or the stocking leg. Probably a combination of the whole. It soon became evident that she fancied the combination. It so happened, as such things do sometimes, that Joseph became enamored of Polly, which might be called a case of love at first sight, for before they slept that night they had exchanged vows of love and fidelity, and before separating they fixed the date when Joseph was to return and seal their vows for life. When the time came for Joseph to return and claim his fiancée, he thought, as it was to be the second most eventful day of a man's life, he must fix himself up in a more respectable garb, so he put on his Sunday-go-to-meeting clothes and punctually appeared at the home of Polly. His clothes changed his appearance so that Polly did not know him, but Joseph introduced himself as the man who carried the stocking leg, and they were married all the same. Joseph took his honeymoon at home erecting his log cabin in the woods upon the land which the two hundred dollars bought. They seemed to be well mated and lived a quiet peaceable life. He was not college bred, but was sober and industrious and endowed with honest, manly principles. He was a great bee hunter and would dig ginseng in the summer and dry it and carry it to Lebanon on his back and sell it and walk home, a distance of 28 miles the round trip. One prolific year he dug more ginseng than he could carry and called on Mr. Hawkins and asked him to lend him a horse. It was in November and quite cool weather. Mr. Hawkins granted his request and told him he must wear a pair of his shoes. To accommodate Mr. Hawkins he put the shoes on and wore them. when he came

Descendants of Joseph VanDolah

home he took the horse and shoes home and thanked Mr. Hawkins for the use of the horse, and said to him, "You will not fool me again by getting me to wear them shoes." He said it rained on him and the water ran down his legs into his shoes and kept his feet cold all day, when, he said, if he had been barefooted, his feet would have dried off and kept warm. They had five children, James, Joseph, William, Sarah and Benjamin. William died when about twelve years old. Mr. Vandolah was soon called to his final reward. James learned the millwright trade, which he followed throughout life. He and Samuel Lamb built and owned the Washington Mills that burned down a few years ago. He built the Evans Mill below Spring Valley and owned it in partnership with Mr. Evans. John Duck of this place learned the millwright trade under him. He married Rebecca Tucker, who was a daughter of Reason Tucker. They were married at the bride's home at Washington Mills, Squire John James officiating, which event occurred in about the year 1832. The widow Vandolah, after living some time, came to the conclusion that it might be better to have a man to help manage her affairs, so she married Wm. Whicker and bore him two children, William and Stephen. Finally she concluded that a man was not always what they were cracked up to be. They differed and separated, and in due time were divorced, which occurred about the year 1835. The Vandolah heirs sold their farm to Matthew Berryhill and moved to Clifton and lived a year or two, where Sarah was married and James and his father-in-law built a mill, after which they all moved to Indiana beyond Ft. Wayne where James and Mr. Tucker built a mill, and James bought seventeen hundred acres of land. At last accounts James and Joseph were both dead.

He was married to Mary Hand (daughter of William Hand # and Phebe unknown #) about 1803.¹ **Mary Hand** was born about 1785.¹ Joseph VanDolah and Mary Hand had the following children:

- +2 i. **Joseph VanDolah** (born on June 14, 1805).

3. **James VanDolah** was born on January 22, 1807 in OH, Greene Co. He was listed on the census in 1850 in IN, Allen Co, Perry Twp.³⁰ He died on October 24, 1851 in IN, Allen Co, Perry Twp. He was mentioned in the "Valley of the Upper Maumee" in 1889 in IN, Allen Co.³¹ James Vandolah, one of the worthy pioneers of Allen county, came to Indiana in 1832, on a tour of inspection, looking for a situation for a water-mill. This he found in Perry township, and then returned to Ohio. In 1835 he came again, and remained long enough to dig the race for his mill. In the fall of 1836, he emigrated with his family, and settled on the farm where Benjamin Vandolah now lives. He entered about 400 acres of wild land in Eel River township, 520 in Perry township, and 160 acres in DeKalb county. He was a mill-wright, and devoted much time to his trade, having worked in several mills throughout the country. He built the Shryock mill, at Leo; the Dawson mill, at Spencerville; the grist-mill, near Clarksville; his own mill, and a number of others. About 1830 he was united in marriage with Rebecca Tucker. Of their eight children, five are now living: Benjamin, Thomas, Sarah J., Frances, and James. Mr. Vandolah served as one of the trustees of his township several terms. He was a leading citizen, and was highly respected by all who knew him. His eldest son, Benjamin Vandolah, was born in Green county, Ohio, April 14, 1834; he was brought to Indiana when three years of age, and on the farm where he now lives he grew to manhood. On October 4, 1888, he was married to Catharine Aaron, daughter of Michael and Elizabeth (Pierce) Aaron. She is a member of the Lutheran church. He is a prosperous farmer, possessing 180 acres of fine land in Perry township, with substantial buildings. Mr. Vandolah has in in possession a very curious Indian relic, which he unearthed about twelve years ago. Thomas Vandolah, the second son, was born in Green county, August 31, 1836. His life in Allen county began in the same year. He received such education as could be obtained in the pioneer log school-house. In 1871 he was united in marriage with Elizabeth Vandolah, daughter of Joseph and Drusilla (Nickerson) Vandolah. She was born in 1842. Though never seeking office, he has always taken an interest in politics, being one of the leading democrats of his township. He owns 285 acres of good farming land, and is as prominent socially as he is as a land-owner. He was mentioned in the Ft Wayne Journal about 1960 in IN, Allen Co, Ft Wayne.¹³ Grist of Cedar Creek - Family Settled Around A Busy Mill and Stayed (article by Forest J. M'Comb). When Allen County was opened up for settlement, James Vandolah came from Green County, Ohio. The year was 1832. He found what he wanted in northeast Perry township and purchased 520 acres direct from the government. The land lay on both sides of Cedar Creek, and 100 acres of it straddled the creek bottom connecting the high land on both sides. The price was \$1.25 per acre. The officials with whom James dealt were amazed. "Why- Mr. Vandolah, with such a good choice of available land do you take so much wild creek bottom?" "I'm a millwright" he answered, "and I want the water rights!" James Vandolah went back to Green County. Three years later he returned and dug the mill race. The following year, 1836, he brought his family to stay. James chose well, building a house for the family on the south rim, and the mill down close to the creek. The creek curved south on his land and he had cut the mill race across the inside of the curve, and located the mill against the bluff of hill on the west side of the creek and south of what later became the Auburn Road. James Vandolah was a genius at his trade and the mill was expertly engineered. The mill burr, made from French stone, was adjustable for fine and coarse grinding, and everything in the mill worked beautifully. [. . .] James Vandolah must have employed a miller to operate the mill, for he continued to work at his trade. He built the Skyrock Mill at Leo, the Dawson Mill at Spencerville, a mill near Clarksville, and a number of others. But he became sick and died at the comparatively early age of 44. With the settling of James' estate, the mill became the property of the Gloyd family. Jerome Gloyd lived for a time in the Vandolah house that still stands on the south rim of the canyon and where the Auburn Road starts to wind down into the creek valley past the old mill site. The mill was in the Gloyd family for about 44 years, and became known as "Gloyd's Mill." [. . .] The mill drew customers from quite a distance, the Vandolahs being related to the Tucker family in Eel River township, and twice a year the Tucker, Hand, and Anderson families loaded a wagon with grain, men, women, and children and drove the ten miles to the mill. While the grist was being ground, they'd stable and feed the horses in Vandolah's barn, then stay for dinner and a visit. When back home, the flour stored carefully, would make their supply of bread for the next six months. Money was scarce and hard to come by in those days. The way the mill operated, if folks didn't have cash to pay for the grinding the miller took one eighth of the grain. It was called "paying toll." [. . .] What of the Vandolah family? Some of James' descendants are still on land he took up from the government - to the third, fourth, fifth and sixth generation. This is a rarity, for few descendants are still on land their forefathers pioneered. They have taken up another occupation and moved elsewhere, or perhaps moved to different land, and in many cases the Grim Reaper has taken a toll. James Vandolah had three sons and four daughters. The daughters moved away but the sons stayed. There were 420 acres left after the 100 acres of mill property were deducted, and the three sons became prominent and well-to-do farmers. James the youngest, never married. Thomas, married but had no children. Benjamin, the eldest,

Descendants of Joseph VanDolah

married and raised two daughters. Elizabeth was born in 1889, and Frances a year later. They've lived their entire life on Vandolah land. Lizzie (Mrs. Charles Stellhorn) is a widow and has a son, Byron, with her. They live on the northeast side of Cedar Creek and represent the branch of the third and fourth generations of James Vandolah. Frances (Fannie) and husband Harrison Bailey live south of Cedar Creek across from the old homestead of her father, Ben, which is just a good stone's throw from the mill residence. Her daughter, Doris (4th generation) and husband, Joe Schlatter, live north of Cedar Creek on the Auburn Road and have four sons. One of the sons, Ronald (5th generation) is married and has a house on the property, and at this writing, he has an infant son, Bryan, representing the sixth generation on the land. The pioneer movements of James Vandolah in 1832 have been far reaching, indeed! He was buried in IN, Allen Co, Perry Twp, Huntertown Cem.³² <http://freepages.arts.rootsweb.com/~hankins/02546/>

He was born in Lawrence County, Ohio, January 13, 1829, a son of Solomon and Patience (Howard) Simpson. Solomon Simpson was born May 9, 1795, and his wife on August 30, 1794, being natives of Virginia, who after their marriage moved to Lawrence County, Ohio. He was a farmer and blacksmith and was a magistrate in Ohio for sixteen years, as well as for many years in Rock Island Co. In 1843 he located on the farm now owned by his son William Howard Simpson, which then consisted of forty acres of land, purchased from I.B. Essig. This farm has since been increased to 136 acres. Solomon Simpson lived on this farm during the remainder of his life, for years in a three-room log house, which was later enlarged by the addition of a frame kitchen. His son has since moved the old log house to the rear and erected the present home. The father died on the farm, October 3, 1874, and the mother September 19, 1880. They were active in the Methodist Episcopal church until old age necessarily ended their labors in this direction. The father was a republican in politics. They had children as follows: Susan, who was born September 17, 1820. Became the wife of John Condon, of the United Brethren Church; Diana, who was born April 2, 1825, became Mrs. Anthony Ricketts and is now deceased; James who died in childhood, and William H. William H. Simpson attended the old school in Illinois City, the teacher of which, Truman Tyler, lived in one end of the schoolhouse and taught in the other. As a boy he worked on the farm and helped to clear it, and also assisted with various kinds of farm duties, but found time for recreation as well. He was married in Rock Island County, November 11, 1868, to Miss Saloma Vandolah, daughter of Benjamin and Mary Ann Vandolah. They became parents of the following children: Charles Franklin, who is at home; Solomon B., who died at the age of 18 years; James H. who is at home; married Leanna Heberly. William L., who is at home, married Elsie A. Davidson. When he settled up his father's estate at the latter's death, Mr. Simpson took over the home farm. He and his wife have become active in the good work of the Methodist Episcopal church and he long has been identified with the republican party. <http://freepages.arts.rootsweb.com/~hankins/04462/>  alt="View the Image Gallery"/>

Mathematics

The first part of the course is devoted to the study of the properties of the real numbers. We begin with the natural numbers, which are the counting numbers. These are followed by the integers, which include the negative numbers. The rational numbers are then introduced, which are numbers that can be expressed as a fraction of two integers. The real numbers are then defined as the union of the rational numbers and the irrational numbers. The irrational numbers are those numbers that cannot be expressed as a fraction of two integers. The properties of the real numbers are then studied, including the order relation, the completeness property, and the Archimedean property. The second part of the course is devoted to the study of the properties of the complex numbers. The complex numbers are defined as numbers of the form $a + bi$, where a and b are real numbers and i is the imaginary unit. The properties of the complex numbers are then studied, including the addition, multiplication, and division of complex numbers. The third part of the course is devoted to the study of the properties of the functions. The functions are defined as mappings from a set to a set. The properties of the functions are then studied, including the domain, range, and image of a function. The fourth part of the course is devoted to the study of the properties of the sequences and series. The sequences are defined as ordered lists of numbers. The series are defined as the sum of the terms of a sequence. The properties of the sequences and series are then studied, including the convergence and divergence of a sequence or series.

The fifth part of the course is devoted to the study of the properties of the limits. The limits are defined as the value that a function or sequence approaches as the input or index approaches a certain value. The properties of the limits are then studied, including the limit laws and the epsilon-delta definition of a limit. The sixth part of the course is devoted to the study of the properties of the derivatives. The derivatives are defined as the rate of change of a function. The properties of the derivatives are then studied, including the derivative rules and the geometric interpretation of the derivative. The seventh part of the course is devoted to the study of the properties of the integrals. The integrals are defined as the area under a curve. The properties of the integrals are then studied, including the integral rules and the geometric interpretation of the integral.

The eighth part of the course is devoted to the study of the properties of the differential equations. The differential equations are defined as equations involving a function and its derivatives. The properties of the differential equations are then studied, including the solution methods and the geometric interpretation of the solutions. The ninth part of the course is devoted to the study of the properties of the vector spaces. The vector spaces are defined as sets of vectors that can be added and multiplied by scalars. The properties of the vector spaces are then studied, including the basis and dimension of a vector space. The tenth part of the course is devoted to the study of the properties of the linear transformations. The linear transformations are defined as mappings from a vector space to a vector space. The properties of the linear transformations are then studied, including the matrix representation of a linear transformation and the eigenvalues and eigenvectors of a linear transformation.

The first of these is the question of the origin of the human race. It is generally accepted that the human race originated in Africa, and that it spread from there to other parts of the world. This is supported by the fact that the most primitive human remains have been found in Africa, and that the most primitive human languages are spoken in Africa. The second question is the question of the development of the human race. It is generally accepted that the human race has developed from a common ancestor, and that it has evolved into different races. This is supported by the fact that the human race has a common set of characteristics, and that it has evolved into different races with different characteristics. The third question is the question of the future of the human race. It is generally accepted that the human race will continue to evolve, and that it will develop into a more advanced state. This is supported by the fact that the human race has a great capacity for learning and for adapting to its environment, and that it has a great capacity for creating and using tools.

Funeral services will be held at Morning Star Chapel in Tillamook for George Alfred Henderson of Nehalem on Saturday, April 23 at 1 p.m. Mr. Henderson was one of the few remaining pioneers who came into this area either on foot, by trail around the face of Neah-Kah-Nie Mountain, or on the old cannery tender Emore, out of Astoria. He was married to Donna Marie Pigeon (daughter of Arthur Pigeon # and Shirley Drew #).⁴⁹ **Donna Marie Pigeon** was born on October 12, 1955 in RI, Providence Co, Providence.⁴⁹ She died on January 5, 1999 in NM, Chaves Co, Roswell.⁴⁹ She was accorded an obituary in the Roswell Daily Record on January 8, 1999 in NM, Chaves Co, Roswell.⁴⁹ A Roswell woman was in critical condition Monday night following an accident near the Federal Building Monday morning which is believed to have been caused by some kind of medical emergency. Donna M. Vandolah, 43, of 110 W. Alameda St. Apartment F, was driving a tan 1990 four-door Buick when she hit a curb and two parked cars in the 500-600 blocks of Richardson Avenue about 9 a.m. Monday. Richardson Avenue was blocked off between Fifth and Sixth streets for about an hour, traffic officer J.D. Williams said. The Federal Building didn't close, but motorists with business in the Federal Building had to park elsewhere until about 10 a.m. A security officer at the Federal Building, Ray Berrones, 50, was patrolling outside of the building when the accident occurred and was the first to reach the victim. Berrones is a certified emergency medical technician who retired in June from the Roswell Fire Department after 22 years. According to Williams, Vandolah was driving south on Richardson when her vehicle drifted left of center and struck the east curb in the 600 block of Richardson Avenue. Berrones said he saw the woman had passed out, and he began walking toward the

Descendants of Joseph VanDolah

vehicle to check on her. I was walking over there to see what was wrong with her when she straightened up and starting driving again, Berrones said. That's when she started hitting vehicles. Vandolah continued southbound, then crossed the Sixth Street intersection and hit a parked white 1993 GMC pickup truck on the west side of the street. She continued southbound again, before striking the left front end of a blue 1993 Plymouth van parked on the east side of Richardson and coming to a stop near the Federal Building. Both vehicles sustained moderate damage. Berrones was the first to reach the woman and he immediately checked for a pulse. To me, it looked like a code blue (the woman wasn't breathing), he said. I checked her and she didn't have a pulse. (I) took her out of the vehicle and started doing CPR and compressions on her, he said. The ambulance arrived, Berrones let the emergency response workers take over and went back to his post inside the Federal Building. Cmdr. Robert Smith said doctors at Eastern New Mexico Medical Center, where Vandolah was taken by ambulance, are unsure of what caused the problem or if Vandolah will survive. The indication is that it was some sort of heart problem, Smith said."

"Services are scheduled for 2 p.m. Saturday, Jan. 9, 1999, at LaGrone Funeral Chapel, for Donna Marie Van Dolah, 43, of Roswell, who passed away Jan. 5, 1999, at Eastern New Mexico Medical Center. Dr. Bobby Renfro of the First Baptist Church will officiate. Burial will be in Massachusetts. She was accorded an obituary in the Metrowest Daily News on January 10, 1999 in RI, Providence Co, Providence.⁴⁹ Donna (Pigeon) VanDolah died unexpectedly Tuesday, Jan. 5, 1999, following an auto accident. JAMES VANDOLAH

James Vandolah first visited Perry Township vicinity in 1832, while searching for a desirable mill-site with convenient water power. He located one on Cedar Creek, and having secured the land he returned to Ohio for three years, coming back in 1835 to dig the race for his mill. He then returned for his family and in 1836 they settled on the farms where his sons afterward spent most of their lives. Mr. Vandolah's land holdings were extensive, including not only 520 acres in Perry, but 400 acres in Eel River Township, and a quarter section in DeKalb County. He was an expert millwright, and spent a great part of his time at this trade, having worked at many mills in the middle west. The Shryock Mill at Leo, the Dawson Mill at Spencerville, the gristmill near Clarks-ville, his own mill and a number of others were built by him.

Mr. Vandolah was a township trustee several terms. The Vandolah's reared a family of eight children, five of whom survived the parents, and achieved honor and prosperity in their own right, as well as worthily inheriting that of their parents.

1. The first part of the paper is devoted to a general discussion of the problem of the existence of solutions of the system of equations

$$\frac{dx}{dt} = f(x, y, z), \quad \frac{dy}{dt} = g(x, y, z), \quad \frac{dz}{dt} = h(x, y, z),$$

where f, g, h are continuous functions of x, y, z and satisfy certain conditions.

2. In the second part, we consider the case when the functions f, g, h are linear in x, y, z .

3. The third part is devoted to the study of the stability of the solutions of the system.

4. In the fourth part, we consider the case when the functions f, g, h are periodic in t .

5. The fifth part is devoted to the study of the asymptotic behavior of the solutions of the system.

6. In the sixth part, we consider the case when the functions f, g, h are analytic.

7. The seventh part is devoted to the study of the bifurcation of solutions of the system.

8. In the eighth part, we consider the case when the functions f, g, h are piecewise continuous.

9. The ninth part is devoted to the study of the qualitative properties of the solutions of the system.

10. In the tenth part, we consider the case when the functions f, g, h are bounded.

11. The eleventh part is devoted to the study of the global properties of the solutions of the system.

12. In the twelfth part, we consider the case when the functions f, g, h are Lipschitz continuous.

13. The thirteenth part is devoted to the study of the topological properties of the solutions of the system.

14. In the fourteenth part, we consider the case when the functions f, g, h are convex.

15. The fifteenth part is devoted to the study of the geometric properties of the solutions of the system.

A little story about Emma Gump. Emma was the daughter of Thomas's sister, Phebe, and Phebe had married David Gump. Phebe died when Emma was about 2 years old. Emma went to live with her Uncle Thomas and Aunt Liz and worked as their housekeeper. Perhaps her father David, had no way to keep her. Also working there as a farm hand was Henry Yoder. After both Thomas and his wife Elizabeth died, leaving some of the property to Emma, perhaps the house, she and Henry decided they could not live there together unless they got married. So they did. But they had known each other all their adult lives.

Thomas and Elizabeth Vandolah's house was on the Vandolah Road, past where the Old Auburn Road turns and goes north again. Thomas was the son of James Vandolah and Rebecca Tucker and Elizabeth was the daughter of Thomas Vandolah (brother of James) and Druscilla Nickerson. That made them first cousins. They had no children of their own.

Benjamin Vandolah married Catherine Aaron and lived in the house on the Auburn Road near the bridge over Little Cedar Creek. The house has not changed a great deal from when it was new. The barn was across the road at what is now the Bailey Farm. Benjamin and Catherine had 2 daughters and a son. The son, John, died at a young age, but the girls grew up to marry. Frances married Harrison Bailey and Elizabeth married Charles Stellhorn. So the descendants of Benjamin Vandolah are of the Baileys and the Stellhorns.

Linda Schlatter wife of Ron Schlatter, descendant of Benjamin Vandolah, says that they believe the old homestead, the one lived in by James and Rebecca was on the ridge. It is possible then that the bricks that I have from the Vandolah mill site may be from the homestead or the mill. Since James died in 1849 it may be that they never graduated from a log cabin as a home. It was in the early 1850's that Nathaniel built his frame home. Until then they had lived in a log home. At this point I am not sure where Rebecca went to live after James died. Perhaps she was still raising her family in the original homestead. Linda says that there are still 90 acres of the land that belonged to James Vandolah in the Vandolah family. Both the house her mother-in-law lives in and the house across the road have been in the Vandolah family continuously for over 100 years. They have the signs to put up to that effect. I need to make another trip down the road with my camera to look at them so I have it straight just where who lived.

Joseph VanDolah was traveling by foot. One evening, he stopped by Mr. Hand's and asked if he could stay overnight. He was wearing a buckskin hunting shirt, coonskin cap and was barefooted. Joseph met Mr. Hand's daughter, Polly, and it was love at first sight. They were married.

Joseph was a great bee hunter and would dig ginseng.

His Son, James, learned the millwright trade. He built several mills in Ohio and Indiana.

Joseph VanDolah's daughter Elizabeth, and James VanDolah's son Thomas married each other. Elizabeth and Thomas were first cousins. They had no children.

After the Mother, Polly, died in 1835, the property was sold and all the children moved to Fort Wayne, Allen Co., Indiana. James bought 520 Acres and built a mill on Cedar Creek.
